**News and Interviews about my Book: Catching Up or Leading the Way - Education in the Age of Globalization**

This remarkable book will forever change the debate about what's wrong and what's right with U.S. education and where it should be going. Based on his own experience as a student in China and as

a parent of children attending school in the United States, Zhao skewers conventional wisdom while setting straight the recent history and current state of U.S. schools.
