### **How Google Tests Software: James A. Whittaker, Jason Arbon ...**

When I found out about the book "How Google Tests Software", it didn't take long until I had ordered a copy. I find it quite fascinating to read about how Google does things, whether it is about their development process, their infrastructure, their hiring process, or, in this case, how they test their software.

### **How Google Tests Software by James A. Whittaker**

Hello James, I'm reading the book "How Google Tests Software" and I'm going to share the information in this book with my friends in a workshop. So could you please confirm if the information in that book (like roles, testing process, testing philosophy) is still correct and is still using at Google now? Thanks in advance, Long Lee .
