Life Has A History Level

Life history theory is an analytical framework designed to study the diversity of life history strategies used by different organisms throughout the world as well as the causes and results of the variation in their life cycles. It is a theory of biological evolution that seeks to explain aspects of organisms' anatomy and behavior by reference to the way that their life histories—including ...

IHI was founded in the late 1980s by Dr. Don Berwick and a group of visionary individuals committed to redesigning health care into a system without errors, waste, delay, and unsustainable costs. Since then, we've grown from an initial collection of grant-supported programs to a self-sustaining organization with worldwide influence.
